

CHAPTER OVERVIEW

14: Future Trends in Information Systems

Learning Objectives

Upon successful completion of this chapter, you will be able to:

- Describe future trends in information systems.

This final chapter will present an overview or advances of some of the new or recently introduced technologies. From wearable technology, virtual reality, Internet of Things, quantum computing to artificial intelligence, this chapter will provide a look forward to what the next few years will bring to potentially transform how we learn, communicate, do business, work, and play.
