

TABLE OF CONTENTS

Licensing

1: Economic Thinking

- 1.1: Why It Matters- Economic Thinking
- 1.2: Introduction to Economics
- 1.3: Understanding Economics and Scarcity
- 1.4: The Concept of Opportunity Cost
- 1.5: Labor, Markets, and Trade
- 1.6: Microeconomics and Macroeconomics
- 1.7: Introduction to Math in Economics
- 1.8: Economic Models
- 1.9: Purpose of Functions
- 1.10: Solving Simple Equations
- 1.11: Introduction to Graphs in Economics
- 1.12: Creating and Interpreting Graphs
- 1.13: Interpreting Slope
- 1.14: Types of Graphs
- 1.15: Putting It Together- Economic Thinking
- 1.16: Discussion- Is Economics a Science?
- 1.17: Assignment- Problem Set — Economic Thinking

2: Choice in a World of Scarcity

- 2.1: Why It Matters- Choice in a World of Scarcity
- 2.2: Introduction to the Cost of Choices
- 2.3: Budget Constraints and Choices
- 2.4: Calculating Opportunity Cost
- 2.5: Learn By Doing- Budget Constraints and Opportunity Cost
- 2.6: Introduction to the Production Possibilities Frontier
- 2.7: The Production Possibilities Frontier
- 2.8: Productive Efficiency and Allocative Efficiency
- 2.9: Introduction to the Economic Way of Thinking
- 2.10: Rationality and Self-Interest
- 2.11: Marginal Analysis
- 2.12: Positive and Normative Statements
- 2.13: Putting It Together- Choice in a World of Scarcity
- 2.14: Discussion- Making Irrational Choices
- 2.15: Assignment- Guns or Butter?
- 2.16: Assignment- Problem Set — Choice in a World of Scarcity

3: Supply and Demand

- 3.1: Why It Matters- Supply and Demand
- 3.2: Learn By Doing- Calculating Equilibrium
- 3.3: Putting It Together- Supply and Demand
- 3.4: Discussion- Supply and Demand
- 3.5: Assignment- Supply and Demand of Coffee
- 3.6: Assignment- Problem Set — Supply and Demand
- 3.7: Introduction to Economic Systems

- 3.8: Economic Systems
- 3.9: Introduction to Demand
- 3.10: What Is Demand?
- 3.11: Factors Affecting Demand
- 3.12: Learn By Doing- Graphing Demand
- 3.13: Learn By Doing- Demand for Food Trucks
- 3.14: Introduction to Supply
- 3.15: What is Supply?
- 3.16: Factors Affecting Supply
- 3.17: Learn By Doing- Graphing Supply and Demand
- 3.18: Learn By Doing- Supply of Food Trucks
- 3.19: Introduction to Equilibrium
- 3.20: Equilibrium, Surplus, and Shortage
- 3.21: Changes in Equilibrium
- 3.22: Finding Equilibrium
- 3.23: Changes in Supply and Demand
- 3.24: Learn By Doing- Food Trucks and Changes in Equilibrium

4: Applications of Supply and Demand

- 4.1: Why It Matters- Applications of Supply and Demand
- 4.2: Introduction to Price Ceilings and Price Floors
- 4.3: Price Ceilings
- 4.4: Price Floors
- 4.5: Learn By Doing- Shortage and Surplus
- 4.6: A Closer Look at Price Controls
- 4.7: Introduction to Surplus
- 4.8: Trade and Efficiency
- 4.9: Consumer and Producer Surplus
- 4.10: Inefficiency of Price Floors and Price Ceilings
- 4.11: Learn By Doing- Consumer and Producer Surplus
- 4.12: Introduction to Labor and Financial Markets
- 4.13: Labor and Financial Markets
- 4.14: Putting It Together- Applications of Supply and Demand
- 4.15: Discussion- Price Controls
- 4.16: Assignment- Price Controls After a Storm
- 4.17: Assignment- Problem Set — Applications of Supply and Demand

5: Elasticity

- 5.1: Why It Matters- Elasticity
- 5.2: Assignment- Problem Set — Elasticity
- 5.3: Introduction to Elasticity
- 5.4: Elasticity of Demand
- 5.5: Examples of Elastic and Inelastic Demand
- 5.6: Introduction to Calculating Price Elasticity
- 5.7: Calculating Elasticity and Percentage Changes
- 5.8: Calculating Price Elasticities Using the Midpoint Formula
- 5.9: Learn By Doing- Calculating Price Elasticities
- 5.10: Categories of Elasticity
- 5.11: Price Elasticity of Supply
- 5.12: Introduction to Elasticities in Areas Other Than Price
- 5.13: Income Elasticity, Cross-Price Elasticity and Other Types of Elasticities

- 5.14: Introduction to Price Elasticity and Total Revenue
- 5.15: Elasticity and Total Revenue
- 5.16: Elasticity, Costs, and Customers
- 5.17: Tax Incidence
- 5.18: Putting It Together- Elasticity
- 5.19: Discussion- Junk Food and Elasticity
- 5.20: Assignment- Elasticity and Tuition

6: Macroeconomic Measures — GDP and Economic Growth

- 6.1: Why It Matters- GDP and Economic Growth
- 6.2: A Healthy Climate for Economic Growth
- 6.3: Putting It Together- GDP and Economic Growth
- 6.4: Discussion- GDP and Economic Growth
- 6.5: Assignment- Data Project Part 1
- 6.6: Assignment- Problem Set — GDP and Economic Growth
- 6.7: Introduction to Macroeconomics and GDP
- 6.8: The Macroeconomic Perspective
- 6.9: What is Gross Domestic Product?
- 6.10: Calculating GDP
- 6.11: Alternative Ways to Measure the Economy
- 6.12: Introduction to Nominal and Real GDP
- 6.13: The Difference Between Nominal and Real Measurements
- 6.14: Comparing Nominal and Real GDP
- 6.15: Converting Nominal to Real GDP
- 6.16: Learn By Doing- Comparing Nominal and Real GDP
- 6.17: Introduction to Economic Growth
- 6.18: Business Cycles
- 6.19: GDP and Standard of Living
- 6.20: Labor Productivity and Economic Growth
- 6.21: Measuring Productivity and Growth Rates
- 6.22: The Power of Sustained Economic Growth
- 6.23: Introduction to Historical Economic Growth
- 6.24: Relatively Recent Economic Growth

7: Macroeconomic Measures — Unemployment and Inflation

- 7.1: Why It Matters- Unemployment and Inflation
- 7.2: Learn By Doing- Problems with Inflation
- 7.3: Benefits of Low Inflation
- 7.4: Putting It Together- Inflation and Unemployment
- 7.5: Assignment- The State of the Macro Economy
- 7.6: Assignment- Data Project Part 2
- 7.7: Discussion- How is the Economy?
- 7.8: Assignment- Problem Set — Unemployment and Inflation
- 7.9: Introduction to the Unemployment Rate
- 7.10: Who Counts in Unemployment?
- 7.11: Calculating the Unemployment Rate
- 7.12: Learn By Doing- Calculating the Unemployment Rate
- 7.13: Patterns of Unemployment
- 7.14: Introduction to Types of Unemployment
- 7.15: Cyclical Unemployment
- 7.16: Frictional and Structural Unemployment

- 7.17: The Natural Rate of Unemployment
- 7.18: Introduction to Inflation
- 7.19: Inflation
- 7.20: Calculating Inflation with Index Numbers
- 7.21: Learn By Doing- Calculating Inflation with Index Numbers
- 7.22: The Consumer Price Index
- 7.23: Shortcomings of the Consumer Price Index as a Measure of the Cost of Living
- 7.24: The GDP Deflator and Other Major Price Indices
- 7.25: Introduction to Price Instability
- 7.26: Problems with Inflation

8: The Aggregate Demand-Aggregate Supply Model

- 8.1: Why It Matters- The Aggregate Demand-Aggregate Supply Model
- 8.2: Introduction to the Aggregate Demand-Aggregate Supply Model
- 8.3: The Aggregate Demand-Aggregate Supply Model
- 8.4: Building a Model of Aggregate Supply and Aggregate Demand
- 8.5: Interpreting the AD-AS Model
- 8.6: Introduction to Shifts in Aggregate Supply and Demand
- 8.7: Shifts in Aggregate Demand
- 8.8: Shifts in Aggregate Supply
- 8.9: Introduction to the AD-AS Model and Economic Growth
- 8.10: Business Cycles and Growth in the AD-AS Model
- 8.11: Learn By Doing- Business Cycles and Growth in the AD-AS Model
- 8.12: Putting It Together- The Aggregate Demand-Aggregate Supply Model
- 8.13: Discussion- The Business Cycle and the AD-AS Model
- 8.14: Assignment- Analysis of a Demand/Supply Shock using the AD-AS Model
- 8.15: Assignment- Problem Set — The Aggregate Demand-Aggregate Supply Model

9: Keynesian and Neoclassical Economics

- 9.1: Why It Matters- Keynesian and Neoclassical Economics
- 9.2: Balancing Keynesian and Neoclassical Models
- 9.3: Putting It Together- Keynesian and Neoclassical Economics
- 9.4: Discussion- Keynesian vs. Neoclassical Economics
- 9.5: Assignment- Keynesian and Neoclassical Economics
- 9.6: Assignment- Problem Set — Keynesian and Neoclassical Economics
- 9.7: Introduction to Keynesian Economics and the AD-AS Model
- 9.8: Aggregate Demand in Keynesian Analysis
- 9.9: The Core of Keynesian Analysis
- 9.10: Introduction to Keynesian Policy Implications
- 9.11: The Expenditure Multiplier Effect
- 9.12: Keynesian Economic Policy
- 9.13: Introduction to Neoclassical Economics
- 9.14: The Neoclassical Perspective
- 9.15: The Neoclassical Perspective and Potential GDP
- 9.16: Learn By Doing- The Neoclassical Perspective and Potential GDP
- 9.17: Introduction to the Neoclassical Perspective and the AD-AS Model
- 9.18: Flexible Prices and Graphing in the Neoclassical Model
- 9.19: Learn By Doing- Flexible Prices and Graphing in the Neoclassical Model
- 9.20: Speed of Macroeconomic Adjustment
- 9.21: Policy Implications of the Neoclassical Perspective
- 9.22: Introduction to Comparing the Keynesian and Neoclassical Perspectives

- 9.23: Say's Law versus Keynes' Law
- 9.24: Neoclassical and Keynesian Perspectives in the AD-AS Model

10: The Income-Expenditure Model

- 10.1: Why It Matters- The Income-Expenditure Model
- 10.2: Introduction to the Income-Expenditure Model
- 10.3: The Key Role of Aggregate Expenditure
- 10.4: Aggregate Expenditure- Consumption
- 10.5: Aggregate Expenditure- Investment, Government Spending, and Net Exports
- 10.6: Introduction to Equilibrium in the Income-Expenditure Model
- 10.7: Equilibrium in the Income-Expenditure Model
- 10.8: Finding Equilibrium Using Algebra
- 10.9: Learn By Doing- Finding Equilibrium Using Algebra
- 10.10: Recessionary and Inflationary Gaps in the Income-Expenditure Model
- 10.11: Real Aggregate Supply in the Income-Expenditure Model
- 10.12: Introduction to the Expenditure Multiplier in the Income-Expenditure Model
- 10.13: The Spending Multiplier in the Income-Expenditure Model
- 10.14: The Spending Multiplier and Changes in Government Spending
- 10.15: Putting It Together- The Income-Expenditure Model
- 10.16: Discussion- The Income-Expenditure Model
- 10.17: Assignment- The Income-Expenditure Model
- 10.18: Assignment- Problem Set — The Income-Expenditure Model

11: Fiscal Policy

- 11.1: Why It Matters- Fiscal Policy
- 11.2: Introduction to Budgets and Taxes
- 11.3: Fiscal Policy and the Federal Budget
- 11.4: Government Spending
- 11.5: State and Local Government Spending
- 11.6: Taxation
- 11.7: Federal Budgets and National Debt
- 11.8: The Question of a Balanced Budget
- 11.9: Introduction to Fiscal Policy in Action
- 11.10: Automatic Stabilizers
- 11.11: Expansionary and Contractionary Fiscal Policy
- 11.12: Learn By Doing- Expansionary and Contractionary Fiscal Policy
- 11.13: Introduction to Fiscal Policy Approaches
- 11.14: Neoclassical Fiscal Policy and Supply-Side Economics
- 11.15: Fiscal Policy, Investment, and Crowding Out
- 11.16: Putting It Together- Fiscal Policy
- 11.17: Discussion- Fiscal Policy
- 11.18: Assignment- Economic Impact of Lower Corporate Tax Rate
- 11.19: Assignment- Problem Set — Fiscal Policy

12: Money and Banking

- 12.1: Why It Matters- Money and Banking
- 12.2: Introduction to Defining Money
- 12.3: Defining Money by Its Functions
- 12.4: Measuring Money- Currency, M1, and M2
- 12.5: Credit
- 12.6: Introduction to Financial Markets

- 12.7: Financial Markets and Assets
- 12.8: Financial Markets, Supply and Demand, and Interest
- 12.9: Introduction to Banking
- 12.10: The Commercial Banking System
- 12.11: Banking Assets and Liabilities
- 12.12: Introduction to Lending and Money Creation
- 12.13: How Banks Create Money
- 12.14: Putting It Together- Money and Banking
- 12.15: Discussion- Money and Banking
- 12.16: Assignment- Baby Boomers
- 12.17: Assignment- Problem Set — Money and Banking

13: Monetary Policy

- 13.1: Why It Matters- Monetary Policy
- 13.2: Introduction to the Federal Reserve
- 13.3: Banks, Loan Finance, and the Payments System
- 13.4: The Federal Reserve System and Central Banks
- 13.5: Bank Regulation
- 13.6: Introduction to Monetary Policy
- 13.7: Monetary Policy
- 13.8: Monetary Policy and Open Market Operations
- 13.9: Learn By Doing- Monetary Policy and Open Market Operations
- 13.10: Introduction to Monetary Policy and Economic Outcomes
- 13.11: Monetary Policy and Interest Rates
- 13.12: Monetary Policy and Aggregate Demand
- 13.13: Federal Reserve Actions and Quantitative Easing
- 13.14: Putting It Together- Monetary Policy
- 13.15: Discussion- Impact of Low Interest Rates on Monetary Policy
- 13.16: Assignment- Chair the Fed
- 13.17: Assignment- Problem Set — Monetary Policy

14: Policy Applications

- 14.1: Why It Matters- Policy Applications
- 14.2: Introduction to Keynesian and Neoclassical Policy Prescriptions
- 14.3: Viewpoints on Government Policy
- 14.4: Introduction to the Phillips Curve
- 14.5: The Phillips Curve
- 14.6: Policy Implications- No Phillips Curve Tradeoff in the Long Run
- 14.7: Learn By Doing- The Phillips Curve
- 14.8: Introduction to New Classical Economics
- 14.9: Rational Expectations
- 14.10: Ricardian Equivalence
- 14.11: Introduction to Macro Policy Options in the Real World
- 14.12: Practical Problems with Discretionary Fiscal and Monetary Policy
- 14.13: Policy Implications- Dampening Business Cycles vs. Laissez-Faire
- 14.14: Policy Implications- Supply Shocks and Economic Growth
- 14.15: Putting It Together- Policy Application
- 14.16: Discussion- Macropolicy
- 14.17: Assignment- Policy Response to a Macro Shock
- 14.18: Assignment- Problem Set — Policy Applications

15: Globalization and Trade

- 15.1: Why It Matters- Globalization and International Trade
- 15.2: Introduction to Comparative Advantage
- 15.3: Absolute and Comparative Advantage
- 15.4: Comparative Advantage and the Gains from Trade
- 15.5: Learn By Doing- Comparative Advantage and the Gains from Trade
- 15.6: Learn By Doing- International Trade
- 15.7: Intra-Industry Trade
- 15.8: Demand and Supply Analysis of International Trade
- 15.9: Learn By Doing- Demand and Supply Analysis of International Trade
- 15.10: Introduction to the Trade Barriers and Protectionism
- 15.11: Protectionism
- 15.12: The Tradeoffs of International Trade
- 15.13: Introduction to Trade Policy and Agreements
- 15.14: The Role of the GATT in Reducing Barriers to Trade
- 15.15: Trade Policy- Organizations and Agreements
- 15.16: Putting It Together- Globalization and International Trade
- 15.17: Discussion- Absolute and Comparative Advantage
- 15.18: Assignment- Absolute and Comparative Advantage
- 15.19: Assignment- Problem Set — Globalization and Trade

16: Exchange Rates and International Finance

- 16.1: Why It Matters- Exchange Rates and International Finance
- 16.2: Introduction to the Foreign Exchange Market
- 16.3: The Foreign Exchange Market
- 16.4: Strengthening and Weakening Currency
- 16.5: Introduction to Exchange Rates and Purchasing Power
- 16.6: Demand and Supply Shifts in Foreign Exchange Markets
- 16.7: Introduction to Exchange Rates and the Trade Balance
- 16.8: Macroeconomic Effects of Exchange Rates
- 16.9: Exchange-Rate Policies
- 16.10: Putting It Together- Exchange Rates and International Finance
- 16.11: Discussion- Global Currencies
- 16.12: Assignment- Exchange Rates and International Finance
- 16.13: Assignment- Problem Set — Exchange Rates and International Finance

17: Faculty Resources

- 17.1: Faculty Resource Overview
- 17.2: Pacing
- 17.3: PDF
- 17.4: PowerPoints
- 17.5: Assignments
- 17.6: Problem Sets
- 17.7: Question Banks
- 17.8: I Need Help
- 17.9: About This Course
- 17.10: Course Contents at a Glance
- 17.11: Learning Outcomes
