

## CHAPTER OVERVIEW

### 5: Trying It Together

#### Learning Goals:

By the end of this section, you should be able to demonstrate:

- The ability to create a site that incorporates multiple languages
- The ability to extract information from a database and present it in a site
- Basic security considerations to deter malicious attacks
- The ability to interact with user data and alter a page as a result

[5.1: Security](#)

[5.2: Integration Examples](#)

[5.3: Finishing Touches](#)

[5.4: Now What?](#)
