

CHAPTER OVERVIEW

2: Document Markup

Learning Objectives

By the end of this section, you should be able to demonstrate:

- the ability to create an HTML document structured to support CSS styling
- the ability to create a CSS file that adapts styling based on device capabilities
- the ability to create basic images using canvas
- the ability to integrate audio and video to a page
- the ability to utilize special device features
- the ability to integrate external font styles

[2.1: Markup Languages](#)

[2.2: Creating HTML Files](#)

[2.3: Page Layout](#)
