hidden diversity

Differences in traits that are deep-level and may be concealed or revealed at discretion by individuals who possess them.

highly structured interviews

Interviews that are be structured objectively to remove bias from the selection process.

identity group

A collective of individuals who share the same demographic characteristics such as race, sex, or age.

inclusion

The degree to which employees are accepted and treated fairly by their organization.

integration-and-learning perspective

Posits that the different life experiences, skills, and perspectives that members of diverse cultural identity groups possess can be a valuable resource in the context of work groups.

invisible social identities

Membership in an identity group based on hidden diversity traits such as sexual orientation or a nonobservable disability that may be concealed or revealed.

justification-suppression model

Explains under what conditions individuals act on their prejudices.

managing diversity

Ways in which organizations seek to ensure that members of diverse groups are valued and treated fairly within organizations.

model minority myth

A stereotype that portrays Asian men and women as obedient and successful and is often used to justify socioeconomic disparities between other racial minority groups.

national origin discrimination

Treating someone unfavorably because of their country of origin, accent, ethnicity, or appearance.

passing

The decision to not disclose one's invisible social identity.

pregnancy discrimination

Treating an employee or applicant unfairly because of pregnancy status, childbirth, or medical conditions related to pregnancy or childbirth.

Pregnancy Discrimination Act (PDA)

Prohibits any discrimination as it relates to pregnancy in hiring, firing, compensation, training, job assignment, insurance, or any other employment conditions.

race/color discrimination

Treating employees or applicants unfairly because of their race or because of physical characteristics typically associated with race such as skin color, hair color, hair texture, or certain facial features.

religious discrimination

When employees or applicants are treated unfairly because of their religious beliefs.

resource-based view

Demonstrates how a diverse workforce can create a sustainable competitive advantage for organizations.

revealing

The decision to disclose one's invisible social identity.

reverse discrimination

Describes a situation in which dominant group members perceive that they are experiencing discrimination based on their race or sex.

schema theory

Explains how individuals encode information about others based on their demographic characteristics.

sex-based discrimination

When employees or applicants are treated unfairly because of their sex, including unfair treatment due to gender, transgender status, or sexual orientation.

sexual harassment

Harassment based on a person's sex; it can (but does not have to) include unwanted sexual advances, requests for sexual favors, or physical and verbal acts of a sexual nature.

similarity-attraction paradigm

Individuals' preferences for interacting with others like themselves can result in diversity having a negative effect on group and organizational outcomes.

social identity theory

Self-concept based on an individual's physical, social, and mental characteristics.

stereotypes

Overgeneralization of characteristics about groups that are the basis for prejudice and discrimination.
