

4.11 Determining the Net Ionic Equation for a Precipitation Reaction (Video)

This project was preformed to supply **Libretext authors** with videos on General Chemistry topics which can be used to enhance their projects. Also, these videos are meant to act as a learning resource for **all General Chemistry students**.

Video Topics

The net ionic equation represents a precipitation reaction in its simplest form. This video discusses how to determine the complete ionic equation and net ionic equation from a balanced precipitation reaction equation. As part of this process, the spectator ions are determined.
