

17.7 Finding Equilibrium Concentrations for Reactions with a Small K Value (Video)

This project was preformed to supply **Libretext authors** with videos on General Chemistry topics which can be used to enhance their projects. Also, these videos are meant to act as a learning resource for **all General Chemistry students**.

Video Topics

This video contains the solution to the following question. A solution is initially 1.0 M of HCN. $K_c = 6.2 \times 10^{-10}$. Find the equilibrium concentrations of CN^- and H_3O^+ .
