

6.1 Common Properties of Gases (Video)

This project was preformed to supply **Libretext Authors** with videos on General Chemistry topics which can be used to enhance their projects. Also, these videos are meant to act as a learning resource for **all General Chemistry students**.

Video Topics

Gaseous molecule tend to have similar features. This video discusses these features including being non-metals, having a low molecular weight, are easily compressed, and are mostly make up of empty space.
