

## 4.4 Balancing Complex Chemical Equations (Video)

This project was preformed to supply **Libretext authors** with videos on General Chemistry topics which can be used to enhance their projects. Also, these videos are meant to act as a learning resource for **all General Chemistry students**.

### Video Topics

Balancing a chemical reaction can be difficult if the reaction is complex. Often, it takes some trial and error. This video provides some basic rules which can be applied to any reaction. By adjusting the reaction's stoichiometry using these rules balancing a complex reaction is possible.
