

## CHAPTER OVERVIEW

### 5: Stereochemistry

- 5.1: Summary of Isomers
- 5.2: Geometric Isomers and E/Z Naming System
- 5.3: Chirality and R/S Naming System
- 5.4: Optical Activity
- 5.5: Fisher Projection
- 5.6: Compounds with More Than One Chirality Centers
- 5.7: Answers to Practice Questions Chapter 5
