

## CHAPTER OVERVIEW

### 16: Aqueous Acid–Base Equilibriums

- 16.1: The Autoionization of Water
- 16.2: A Qualitative Description of Acid-Base Equilibria
- 16.3: Molecular Structure and Acid-Base Strength
- 16.4: Quantitative Aspects of Acid-Base Equilibria
- 16.5: Acid-Base Titrations
- 16.6: Buffers
