

## 19.5: Heat Transfer and Changes in the Entropy of the Surroundings

---

Maps take some time to build because we have to find or write matching materials. LibreTexts POV is that it is best to make available pages that we have finished rather than wait till the entire project is complete. This map is not completely finished, some pages are missing but we are workin' on it. . . If you know of some open materials which could be used here let us know [info@libretexts.org](mailto:info@libretexts.org) (Public Domain ; [Public Domain Pictures](#))
