[1.4: Units and Standards](#)

universal gravitational constant

[5.2: Common Forces - The Gravitational Force](#)

V

vapor pressure

[13.4: Pressure, Temperature, and RMS Speed](#)

vector components

[2.4: Coordinate Systems and Components of a Vector](#)

vector equation

[2.3: Scalars and Vectors](#)

vectors

[2.3: Scalars and Vectors](#)

[2.7.28: Math-vector basics and differential equations](#)

velocity vector

[3.2: Velocity](#)

vertical line test

[2.7.12: Functions](#)

vertigo

[12.14: The Human Ear](#)

vestibulocochlear nerve

[12.14: The Human Ear](#)

W

watt (unit)

[9.6: Power](#)

wave

[12.1: Traveling Waves](#)

[12.4: Energy and Power of a Wave](#)

[12.13: Shock Waves](#)

Wave function

[12.2: Mathematics of Waves](#)

wave number

[12.2: Mathematics of Waves](#)

wave speed

[12.1: Traveling Waves](#)

wave velocity

[12.1: Traveling Waves](#)

wavelength

[12.1: Traveling Waves](#)

Work

[2.7.24: Physical Applications of Integration](#)

[9.1: Work](#)

work done by a force

[9.1: Work](#)

Z

zeros of a function

[2.7.12: Functions](#)

zeroth law of thermodynamics

[13.1: Temperature and Thermal Equilibrium](#)
