scalar field

- 2.4: Electric Fields and Forces

schematic

- 5.2: Electric Current

second

- 1.3: Units

semiconductor

- 14.2: Band Theory of Solids

Semiconductors

- 14.1: Introduction

separation distance

- 2.4: Electric Fields and Forces

series circuit

- 6.3: Resistors in Series and Parallel

series combination

- 7.3: Capacitors in Series and in Parallel

SHF

- 1.4: Electromagnetic Spectrum

shock hazard

- 6.6: Application - Grounding and Electrical Safety

short circuit

- 6.6: Application - Grounding and Electrical Safety

SI Units

- 1.3: Units

simplex

- 1.5: Amateur Radio Equipment Basics

SLF

- 1.4: Electromagnetic Spectrum

Snell's law of refraction

- 13.4: Refraction of Rays
- 13.6: Diffraction of Waves

Solenoids

- 18.5: Magnetic Field of Solenoids and Toroids

SOTA

- 1.2: Wireless Technology and Amateur Radio - What and Why?

south magnetic pole

- 8.2: Introduction to Magnetism
- 8.3: Magnetism and Its Historical Discoveries

Speed of light

- 11.2: Maxwell's Equations- Electromagnetic Waves Predicted and Observed

Spherical coordinates

- 1.7: Coordinate Systems

spherical symmetry

- 17.4: Calculating Electric Field Using Gauss's Law

SQUID

- 18.10: Superconductors

standing wave

- 12.2: Production of Electromagnetic Waves
- 22.2: Production of Electromagnetic Waves - The Antenna

Standing Waves

- 21.13: Standing Waves

static electricity

- 2.2: Electric Charge Model

superconductors

- 18.10: Superconductors

superposition

- [2.4: Electric Fields and Forces](#)
- [13.7: Interference of Waves](#)

Surface

- [1.6: Notation](#)

surface charge density

- [2.7: Common Models of Electric Field](#)
- [16.3: Calculating Electric Fields of Charge Distributions](#)

T

Telegrapher's Equations

- [21.7: Telegrapher's Equations](#)

tera (prefix)

- [1.3: Units](#)

terminal voltage

- [6.2: Source Voltage](#)

tesla (unit)

- [1.3: Units](#)
- [8.6: Magnetic Fields and Lines](#)

test charge

- [2.4: Electric Fields and Forces](#)

test location

- [2.4: Electric Fields and Forces](#)

thermal agitation

- [11.4: The Electromagnetic Spectrum](#)

thermal hazard

- [6.6: Application - Grounding and Electrical Safety](#)

THF

- [1.4: Electromagnetic Spectrum](#)

Thin straight wire

- [18.2: Magnetic Field due to a Thin Straight Wire](#)

time

- [1.6: Notation](#)

Toroids

- [18.5: Magnetic Field of Solenoids and Toroids](#)

transceiver

- [1.5: Amateur Radio Equipment Basics](#)

transformer equation

- [9.9: Transformers](#)

Transformers

- [9.9: Transformers](#)

transmit/receive switch

- [1.5: Amateur Radio Equipment Basics](#)

transmitter

- [1.5: Amateur Radio Equipment Basics](#)

transverse wave

- [12.2: Production of Electromagnetic Waves](#)
- [22.2: Production of Electromagnetic Waves - The Antenna](#)

turning point

- [3.3: Electric Potential Energy](#)

TV

- [11.4: The Electromagnetic Spectrum](#)

U

UHF

- [1.4: Electromagnetic Spectrum](#)
- [11.4: The Electromagnetic Spectrum](#)

ULF

- [1.4: Electromagnetic Spectrum](#)

ultraviolet

- [1.4: Electromagnetic Spectrum](#)

ultraviolet radiation

- [11.4: The Electromagnetic Spectrum](#)

ultraviolet radiation (UV)

- [11.4: The Electromagnetic Spectrum](#)

Uniform Electric Field

- [2.8: Motion of a Charged Particle in an Electric Field](#)

unit vectors

- [1.6: Notation](#)

units

- [1.3: Units](#)

unpolarized

- [11.5: Polarization](#)

UV

- [11.4: The Electromagnetic Spectrum](#)

V

valence band

- [14.2: Band Theory of Solids](#)

vector field

- [2.4: Electric Fields and Forces](#)

vectors

- [1.6: Notation](#)

vertically polarized

- [11.5: Polarization](#)

very high frequency

- [11.4: The Electromagnetic Spectrum](#)

very high frequency (VHF)

- [11.4: The Electromagnetic Spectrum](#)

VHF

- [11.4: The Electromagnetic Spectrum](#)

visible light

- [11.4: The Electromagnetic Spectrum](#)

VLF

- [1.4: Electromagnetic Spectrum](#)

voltage

- [3.5: Electric Potential](#)

voltmeter

- [6.5: Application - Electrical Meters](#)

volume

- [1.6: Notation](#)

volume charge density

- [16.3: Calculating Electric Fields of Charge Distributions](#)

W

watt (unit)

- [1.3: Units](#)

wave optics

- [13.6: Diffraction of Waves](#)

wavelength

- [12.2: Production of Electromagnetic Waves](#)
- [22.2: Production of Electromagnetic Waves - The Antenna](#)

weber (unit)

- [1.3: Units](#)

wireless technology

- [1.2: Wireless Technology and Amateur Radio - What and Why?](#)

Work

- [3.2: Work and Energy](#)

work done by a force

- [3.2: Work and Energy](#)

Y

YLRL

- [1.2: Wireless Technology and Amateur Radio - What and Why?](#)

YOTA

- [1.2: Wireless Technology and Amateur Radio - What and Why?](#)

Young double slit

- [13.8: Double-Slit Interference](#)
