

The Future is OPEN

MA336: Statistics

MA336:STATISTICS

This book is a remix following the syllabus of a one-semester-long Statistics course of Queensborough Community College of The City University of New York. Chapters 1, 3, and 4 are from Concepts in Statistics (Lumen). Chapter 2 is from Introductory Statistics with Probability (CUNY). Chapters 5-8 are from Introductory Statistics (Shafer and Zhang). Chapters 9 and 10 are from Introductory Statistics (OpenStax).
