

## CHAPTER OVERVIEW

### 13: Simple Linear Regression

[13.1: Introduction to Linear Regression](#)

[13.2: Variables](#)

[13.3: Data and Assumptions](#)

[13.4: Prediction in Regression](#)

[13.5: Hypotheses](#)

[13.6: Visualizing Linear Regression](#)

[13.7: The Purpose of the Four Parts of a Regression Analysis](#)

[13.8: Visualizing Predictions and Residuals in Regression](#)

[13.9: Testing a Regression Model](#)

[13.10: Computing F](#)

[13.11: Example of How to Test a Hypothesis Using Regression](#)

[13.12: Testing a Hypothesis with Regression in SPSS](#)
